About On Track

On Track is a large-scale survey designed to monitor the destination outcomes of Year 12 or equivalent completers and early school leavers six months after leaving school. This information provides insights into post-school destinations and pathways, and highlights the diversity of pathways young people pursue after leaving secondary school. The On Track survey involves students from all Victorian school sectors.

Data obtained through the On Track survey is used to publish post school education, training and employment destinations. Those not studying or in part-time work are offered career pathway advice and assistance via a referral service.

This LGA report provides local level information on the post-school education, training and employment destinations of students who attended schools in Bass Coast, to support post compulsory education planning and to assist with youth support services. The report draws on data obtained through the 2016 On Track survey.

Some data presented has not been released due to the small numbers of respondents. These data will either be presented as "np" (not published) or appear blank (in figures and charts) where the number of respondents are less than 5.

Other On Track Reports

In addition to LGA reports, the following reports are produced annually from the On Track survey:

Statewide report

The On Track statewide summary provides a comprehensive analysis of destinations of Year 12 or equivalent completers and early school leavers across Victoria, six months after they leave school.

School reports

On Track destination data is provided to schools to assist in the development of curriculum options and careers advice for students, to assist them in achieving their post-school education and employment goals.

On Track destination data of school leavers for each Victorian school are available for download in the Victorian Assessment Software System (VASS).

The statewide report and LGA reports are available to the public on the On Track website:
www.education.vic.gov.au/ontrack

Contact Information

If you have any queries or would like more information about On Track data, please email:
ontrack.survey@edumail.vic.gov.au

1. On Track survey response rates

Consent to participate in the On Track survey is required to enable the Department to contact school leavers. Consent is sought via a question on the students' Victorian Curriculum Assessment and Authority (VCAA) enrolment form completed when a student enrolls in a senior secondary unit.

Students who consent to participate in the survey are contacted six months after leaving school. Participation in the survey is voluntary and school leavers may opt-out of completing the survey when contacted.

1.1 Participation of Year 12 or equivalent completers in the 2016 On Track survey

Year 12 or equivalent completers are defined as those who completed a Victorian Certificate of Education (VCE), International Baccalaureate (IB) or Victorian Certificate of Applied Learning (VCAL, Senior or Intermediate). The sample includes those who completed such qualifications in schools, or in TAFE institutions or Adult and Community Education providers.

Table 1: 2016 On Track participation, Year 12 or equivalent completers in Frankston (C) who exited school in 2015

On Track participation	Year 12 or equivalent completers		
	Males	Females	All Total
School leavers in cohort	700	760	1460
Consented to participate	519	619	1138
Responded to survey	298	375	673
Participation rate (per cent)	42.6	49.3	46.1

Note: Participation rate = On Track respondents as a proportion of school leavers in cohort

1.2 Participation of early school leavers in the 2016 On Track survey

For On Track, early school leavers are defined as students who had registered their details with the VCAA by enrolling in an IB program or a VCE or VCAL unit, and who left school without completing one of the following certificates: VCE; IB; VCAL Senior or VCAL Intermediate. In general, early school leavers had been in Year 10, 11 or 12 when they left school. As such the sample does not represent all early leavers from Victorian schools.

Findings based on the early school leavers' data should be treated with caution due to the relatively low participation rate.

Table 2: 2016 On Track participation, early school leavers in Frankston (C) who exited school in 2015

On Track participation	Early school leavers		
	Males	Females	All Total
School leavers in cohort	350	262	612
Consented to participate	209	156	365
Responded to survey	48	29	77
Participation rate (per cent)	13.7	11.1	12.6

Notes:

Participation rate = On Track respondents as a proportion of school leavers in cohort

* The early school leaver response rate is affected by a number of factors:

- Early school leavers who had not attended school in 2015 or had returned to school in 2016 were scoped out of the survey but were included in the cohort file.
- A proportion of early school leavers could not be contacted or had unusable or incorrect contact information.

Note:

(1) School that did not meet the following publication rules were not published in the table above:

- Schools with less than 10 Year 12 completers or less than 10 survey respondents.
- Schools with less than 50% consent rate, less than 50% response rate or less than 20% of the Year 12 cohort participating in the survey.

(2) This table presents the count of Year 12 or equivalent completers who attended a school located within Frankston (C). Students who reside in Frankston (C) but attended a school outside Frankston (C) are not included in this table.

(3) Not in Education and Training include Deferred, Employed, Looking for work and NILFET

NILFET = Not in the labour force, employment or training

2.1 Year 12 or equivalent completers in campus-based tertiary study

Campus-based tertiary education leads to the award of a certificate (level I through IV), diploma, advanced diploma, associate degree or bachelor degree. Study may be undertaken at a university, a TAFE institution or a private provider.

Table 8: Institution of study of Year 12 or equivalent completers who attended a school in Frankston (C) and were in campus-based tertiary study in 2016

Apprenticeship/traineeship	31.0	21.3	26.0	25.7	31.2	34.6	27.5	25.1	28.2	29.6
Employed	29.2	23.4	26.0	20.0	18.2	23.3	24.8	23.9	23.7	24.0
Looking for work	16.8	17.0	13.0	18.1	20.8	15.0	17.4	16.9	15.6	15.9
NILFET	7.1	5.3	5.3	6.7	np	5.2	6.0	5.1	5.5	5.9
Unknown						0.0	0.0	0.3	0.3	0.3

Note: NILFET = Not in the labour force, employment or training. The percentage of early school leavers by post-school destination is sensitive to changes in respondent numbers and fluctuates year to year due to the small sample size in each cohort.

Figure 7: Reasons given by early school leavers in Frankston (C) and Victoria for leaving school, 2016

Table 19: Factors that would have motivated early school leavers to stay in school, Frankston (C) and Victoria, 2012 to 2016

Motivation factors for staying in schools		The school had a wider range of subjects	There were vocational programs or VET subjects in areas that interested you	There was more flexible scheduling of classes	You could have studied part-time while working
		Per cent	Per cent	Per cent	Per cent
Frankston (C)	2012	57.1	58.1	54.3	59.0
	2013	50.6	51.8	44.7	52.9
	2014	47.5	46.7	40.0	51.7
	2015	39.2	40.2	41.2	50.0
	2016	47.9	45.1	45.1	56.3
Victoria	2012	49.5	50.7	51.3	58.4
	2013	49.7	49.4	48.7	55.4
	2014	48.6	47.6	48.4	52.3
	2015	47.5	47.9	46.8	50.5
	2016	48.5	46.2	47.9	50.6

Note: Respondents may have agreed to more than one statement.
