FINDING A JOB

Deciding what career is best for you can be a complex process. A professional careers practitioner can assist. There are a range of training opportunities available across Victoria to help you develop the skills needed to find a job in the Health Care and Social Assistance industry. Government financial support may be available to eligible students under the Victorian Training Guarantee.

Notes: Economic and employment data are sourced from the Australian Bureau of Statistics and the Centre of Policy Studies, Victoria University. Occupations experiencing skills shortages are sourced from the Department of Education and Early Childhood Development's 2014 Victorian Skills Shortage List. [1] This includes growth in overall employment as well as replacement of workers who exit the industry.
