4. Cards and questions

SCHOOLS

- With a partner write different names of schools on the cards above. On the cards below write the numbers from 1 to 6.
- The cards are divided into two piles, one with the names of schools, the other with the numbers, and place them face down.
- In turns, take one card from each pile.
- With your partner take turns at asking "What school do you go to?" and "What year level are you in?" Answer using the information provided on your cards.
- When you have each had a turn, choose another 2 cards and continue the game.

NUMBERS
