My robot has six legs.  
He has long arms.  
He has a small mouth.

Instructions
This activity requires two students.  
Use the picture you drew for activity 5. Make sure your partner does not see your picture!  
Student A describes his/her robot in German.  
Student B listens carefully and draws the robot according to the description.  
When the first picture is complete, Student B describes his/her picture, and Student A draws it.  
When both pictures are complete, compare them. Are they close to the description?

Mein Roboter hat sechs Füße.
Er hat lange Arme.
Er hat einen kleinen Mund.
