Il mio robot ha le orecchie grandi.
Ha le braccia lunghe.
Ha le gambe corte.

Instructions
This activity requires two students.
Use the picture you drew for activity 5. Make sure your partner does not see your picture!
Student A describes his/her robot in Italian.
Student B listens carefully and draws the robot according to the description.
When the first picture is complete, Student B describes his/her picture, and Student A draws it.
When both pictures are complete, compare them. Are they close to the originals?
