Local demographics for young children aged 0 to 8 years and their families

- There were 483 Aboriginal persons counted in Knox (C), representing 0.3 per cent of the local population.
- 122 young children made up 25.3 per cent of the Aboriginal population of Knox (C).
- Of the 20,918 families counted in Knox (C) with children under 15 and/or dependent students aged 15-24 years, 50.3 per cent had at least one child aged 0 to 8 years. 93 (0.9 per cent) of these families were Aboriginal.

Early childhood indicators of how young Aboriginal children are faring

- The family composition of Aboriginal families in Victoria with young children was almost equally divided between couple families and one parent families. In Knox (C), 60.2 per cent of Aboriginal families with young children were couple families and 39.8 per cent were one parent families.
- The median weekly income for Aboriginal couple families in Victoria with young children ($1,073) was more than double that of Aboriginal one parent families ($510). The median weekly family income for Aboriginal families with young children in Knox (C) was $1,174 for couple families and $508 for one parent families.

Note: Due to the small population of Aboriginal young children and their families in the local area, large percentage variations may be the result of minor changes in the actual numbers.
