4. Les Maths

quatorze + trois = 

quatre + dix = 

dix-huit - six = 

vingt - neuf = 

onze + un = 

quinze - quatre = 

dix-sept - cinq = 

deux + dix = 

Instructions
- This activity requires two students.
- Student A reads a sum out to Student B.
- Student B answers in French, and Student A writes the answers in the space provided.
- Take turns until all sums have been completed.
