Real Training for Real Jobs

JEREMY CONNELL

FINALIST - 2017 APPRENTICE OF THE YEAR

Jeremy's apprenticeship dream welded firmly at school

Not long after Jeremy Connell, 15, walked through their doors for a week's work experience, managers at Wangaratta Engineering saw his potential. When he returned a few weeks later to ask if they would support him under the School-Based Apprenticeship and Traineeship (SBAT) program, the answer was yes.

Later the company offered him a full apprenticeship, but he wanted to finish Year 12, and they held a position open for him. Jeremy, 21, has completed Certificate III Engineering with GOTAFE and is working as a fully qualified fitter and machinist at Wangaratta Engineering.

"During high school, I always knew I wanted to pursue a career in engineering, and a week of work experience at Wangaratta Engineering left me with no doubt," Jeremy says.

"I love engineering because it allows me to be hands-on, creative and diverse every day. I love being able to start with nothing and produce a finished product that I can say: I'm proud of that'."

When he completed Year 12, Jeremy says he had the opportunity to go to university.

"However, I wanted to learn real-life application, and so I chose to pursue an apprenticeship," he says.

"I'm a hands-on person and I didn't want to lose the opportunity to work at Wangaratta Engineering, as I love where I work. There is always a diverse range of jobs, and a wide range of equipment".

"GOTAFE helped improve my communication and leadership skills, and at the workplace and TAFE I always felt supported and encouraged to do my best and try new things."

Apprentice of the Year

The Apprentice of the Year Award is presented to a Victorian Apprentice who has been outstanding in all aspects of their trade.
