About the Victorian Training Awards

The Victorian Training Awards recognise and celebrate the outstanding achievements of individuals, employers and training providers in Victoria’s TAFE and training sector. There are 15 general award categories, People’s Choice Awards, and a special individual award, the Lynne Kosky Memorial Award for Lifetime Achievement.

Now in their 67th year, the prestigious Victorian Training Awards bring together apprentices, trainees, students, teachers, training providers, employers and industry representatives, sharing in a high-quality training system that meets the needs of all Victorians.

Each year, the awards highlight the incredible talent in the state’s vocational education and training sector. Although the coronavirus pandemic meant that a physical gala event could not take place in 2020, we were able to highlight and share the stories of the finalists and winners through the VTA2020 Virtual Events Series across our social media channels.

To learn more about previous winners and finalists of the Victorian Training Awards, please visit: www.education.vic.gov.au/vtas.

The following Nomination Guide provides information on each of the award categories, including eligibility requirements and information on how to apply.

Why nominate?

Victorian Training Award winners are recognised as the best in the state in their category. Previous individual winners have benefited from unique career opportunities and accelerated career progression. The professional and personal benefits that result from being involved in the awards cannot be overstated, with many winners describing their experience as ‘life changing’. Organisational winners benefit from enhanced brand recognition and reputation and a heightened industry profile. All previous VTA winners and finalists become ambassadors for the Awards, providing them with opportunities to continue sharing their training journey through promotional activities, speaking engagements, events and more.

Testimonials from past winners

Throughout their long history, the Victorian Training Awards have celebrated the outstanding achievements of a wealth of individuals, teachers, employers and training providers.

Previous winners have noted that the awards have contributed to their career successes and enhanced their confidence and skills in public speaking, stakeholder engagement and more.

Here are a few testimonials from previous winners of the Victorian Training Awards. Their stories are truly inspiring, and you can learn more about them at www.education.vic.gov.au/about/awards/vta/Pages/2020-VTA-finalists.aspx.

Miranda Edwards

2014 Koorie Student of the Year

[Winning the award] ...got me noticed and it’s a big part of my story which I share when I speak at conferences.

I’ve done some big talks, including when I spoke in front of 1,000 people at the World Indigenous People’s Conference in Canada 2017 to talk about local Indigenous curriculum for schools. The training I received as part of the award was a huge help in this regard.
Bret Ryan

2012 Vocational Student of the Year

The Victorian Training Award was a pivotal moment for me. The CEO of the organisation where I worked was so proud when I won. He could see my potential and that opened up conversations with him and others. I became sought after, and could pick and choose what I did next.

Sue Meli

2002 Vocational Student of the Year

The award is a key part of marketing my landscape and design business. Although I won the award in 2002, it might just as well have been yesterday. It continues to deliver clients to my door and is often the determining factor that leads them to choose my services over those of a competitor’s.

Kerrilyn Bassett

2015 Trainee of the Year

Winning the award was the start of a really good journey. It boosted my confidence and opened up many opportunities I wouldn’t have had otherwise. Another bonus was that I became a representative for the industry—that was important because it provided the opportunity for a young female voice to be heard in an industry which traditionally has an older profile and tends to be male dominated.

What the judges are looking for
The judges will be looking for clear examples of two or more organisations working together to achieve a shared goal. This means providing evidence of collaboration’s achievements and outcomes. The collaboration needs to have also been developed in response to an industry or VET training challenge, and provide evidence that shows how the collaboration has responded to that challenge. Collaborations that are innovative, sustainable and offer equitable access to underrepresented groups will be looked upon favourably by the judges.

Here are some of the judging comments from last year’s Awards. These may help you in preparing your application.

*The application shows genuine commitment to collaboration, with multiple partners learning from each other, and good training outcomes for participants.*

*Evidence that the training provides multiple benefits for learners and employers.*

*...commitment to quality improvement, innovative thinking around future funding opportunities and how the model can be replicated.*

Additional Information
Collaboration vs Partnership
A ‘collaboration’ is where two or more entities work together to achieve shared goals.

A ‘partnership’ is a business structure where two or more parties enter a contractual relationship in which they can legally share profits, risks and losses according to terms set out in their partnership agreement.

The key difference between a collaboration and a partnership is that parties who work collaboratively do not necessarily need to be bound contractually. This award is to recognise outstanding collaborations, not partnerships.

‘Nationally recognised training’ refers to training that is based on a national training package or accredited course that results in an individual receiving a formal qualification or statement of attainment issued by a registered training provider. This includes Victorian apprenticeships.
