Please note that published school counts (i.e. Census schools) include schools that only deliver full-time day primary or secondary education as their main activity. Entities such as camps, hospital schools and alternative education settings are not included in published school counts as they mainly cater for transient students who have a base (or “home”) school.

NB: Figures on student FTE include all changes from the 2024 enrolment data verification process.

## Transition rates

### 10. Transition rates for government schools, February (per cent)

	2019–20	2020–21	2021–22	2022–23	2023–24
Year 9–10	102.5	99.6	99.5	101.8	102.4
Year 10–11	97.9	97.3	96.3	98.7	98.7
Year 11–12	86.7	86.7	84.6	84.3	85.3

Source: DE February School Census

NB: Transition rates are expressed as a percentage of a school education year level that progresses to the next year level. That is, the number (FTE) of students in a particular year level expressed as a percentage of the cohort of students in the previous year level one year earlier.

Transition rates that are greater than 100% generally occur when there has been a surge in enrolments for a particular year level in a calendar year that supersedes the year level numbers of the previous year level in the previous calendar year.

NB: ABS Years 10–12 and 7–12 apparent retention rates refer to Year 12 enrolment of students in full-time school education expressed as a proportion of Year 10/7 enrolments two/five years earlier. DE calculates its retention rate on an FTE basis. Note that apparent retention rates calculated for February are generally higher than for August as some Year 12 students leave during the year. The above tables reference the ABS published rates capped to 100 per cent. Capped rates were first published in 2015.
