

## Education State Ambition

# PRIDE AND CONFIDENCE IN OUR SCHOOLS

**We want Victorians to be proud of the great government schools in their communities.**

The Education State is about improving outcomes for every student, in every classroom, for every community. Delivering a broad range of initiatives will see more Victorians proud of their government school system.

### WHY IS THIS IMPORTANT?

The achievement of this target will mean that the community takes pride in local government schools, and feels confidence that they are delivering excellent outcomes for Victorian students.

#### WHAT ARE WE TRYING TO ACHIEVE?

**PRIDE AND  
CONFIDENCE IN  
OUR SCHOOLS**

By 2025, 20 per cent more parents will report high levels of confidence in the government school system in Victoria.

### EDUCATION STATE INITIATIVES

#### Victorian School Building Authority

The Victorian School Building Authority is delivering hundreds of upgrades, new schools and early childhood centres across the State. The Government continues its investment in infrastructure projects as part of the Education State reform agenda, with a focus on cutting-edge school design and innovative school settings.

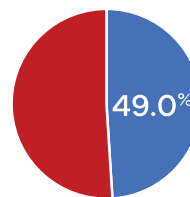

#### Building excellence in teacher education

The Victorian Teaching and Learning Model is providing a whole-of-school improvement approach to classroom practice. This, combined with the creation of high-quality pathways into teaching and the improvement of the quality of teaching courses, is building excellence in teacher education and improving teacher quality.

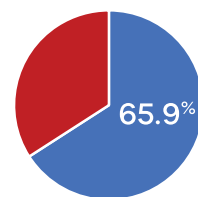

#### HOW HAS VICTORIA PERFORMED IN 2019?

##### Pride and Confidence

2019 result

2025 target

Victorian parents reporting high levels of confidence in the government school system
