

My Career Insights

Tailored career guidance for your child

The Department of Education gives every year 9 Victorian Government school student free access to the world-leading Morrisby online career education tool.

Morrisby helps your child make informed choices for senior secondary school and beyond by exploring their strengths, interests and career opportunities.

Your school needs your consent to give your child access to Morrisby.

The My Career Insights program pairs your child's Morrisby profile with a free one-on-one expert career consultant session, supported by the Australian Centre for Career Education.

This is an important opportunity in year 9. It will help your child update their career action plan, make big decisions and stay motivated to learn.

The program	Your role
 <p>Step 1 Your consent</p>	<p>Follow your school's instructions to provide your consent.</p>
 <p>Step 2 Morrisby profile</p>	<p>Look out for communication from your school about the Morrisby profile and Career Consultant interview.</p> <p>If you'd like to, join your child for their interview.</p>
 <p>Step 3 Career Consultant meeting</p>	
 <p>Step 4 Career planning</p>	<p>Talk with your child about their profile, interests, strengths, goals and study options.</p>

To see how the Morrisby profile can help your child, check the sample Morrisby profile on the next page.

Sample Morrisby profile

Your child's completed Morrisby profile will include information about their skills in verbal, numerical, abstract, spatial and mechanical reasoning. It will also provide school subject and career suggestions that reflect their individual skills, interests, personality and preferences.

Aptitudes

Aptitudes: Your potential and relative strengths

Assessment: Low, Fair, Average, High, Very High

Percentage scoring at this level or better: 10, 20, 30, 40, 50, 60, 70, 80, 90

Next Step [Your Interests >](#)

More Information

- > What do the results mean?
- > What is measured?
- > Why is there a darker segment at the end of each bar?

Interpretation

The relatively high level of your numerical ability, compared with the lower verbal and abstract results, suggests that you would feel at home with numbers and figures. This would be very useful in many commercial careers. You may not find it so easy to express your ideas on paper.

You should consider the types of career which match this profile, such as general office and stores work; working in accounts, company records, data processing, insurance offices, banks, business administration and so on.

You scored at an average level on both the spatial and mechanical assessments. You seem to have

Workplace

Workplace: Your preferences

Next Step [Your Personality >](#)

Preferences

- ✓ Nice Surroundings
- ✓ Non-physical

Regarding workplace, you like the idea of a comfortable, well-equipped building working in a friendly environment alongside others. You don't like the idea of being stuck away on your own in an office and nor do you want to be outside in all weathers. There are many careers with many employers which will provide this combination. You don't have much desire to find work that is largely physical, nor indeed work that is based outdoors. You probably prefer to be in a relatively comfortable environment, working alongside other people.

Personality Type

Personality Type: The Researcher

Mathematical and analytical in their approach. Once an interest takes hold, they tend to focus on it, possibly to the exclusion of other matters, developing great in-depth knowledge and expertise.

Next Step [Your Learning Style >](#)

The Researcher

- ✓ Organised
- ✓ Structured
- ✓ Responsible
- ✓ Systematic
- ✓ Realistic
- ✓ Rational

Personality describes the way we think, feel and behave – in short, it is what makes us unique. When considering careers, we often think about having the right skills and qualifications, but having the right personal qualities can be just as important. Our personality type, and the way we act and behave will influence our suitability for some careers more than others. This profile also informs your career suggestions.

Extravert Do you focus more on the world and people around you?
Introvert Do you focus on your inner world of ideas, thoughts and deliberations?

Intuitive Are you content to work from a subjective impression of a situation?
Sensing Do you prefer having objective information?

Thinking Do you always follow the technically correct course of action?
Feeling Do you take your and other peoples feelings into account?

Judging Are you more comfortable in a well-ordered, structured environment?
Perceiving Do you prefer the spontaneity of a flexible lifestyle?

Life-long career help

If your child completes their Morrisby profile this year, they can access it through the rest of their schooling, and beyond. As they develop new strengths, interests and goals, they can update their Morrisby profile to get useful study and career suggestions.
