

Differences between the 2009 and combined 2009/10 AEDI datasets

The following lists Local Government Areas and Local Communities where differences occur between the 2009 and the combined 2009/10 AEDI datasets in proportions of developmentally vulnerable children on one-or-more or two-or-more of the AEDI domains. These differences for the most part are minor. Differences greater than 1% are highlighted.

		Additional children in 2010 collection	Percentage difference in vulnerability on 1 or more AEDI domain	Percentage difference in vulnerability on 2 or more AEDI domains
^	vulnerability would decrease at least 1 percent if 2010 data were included			
*	vulnerability would increase at least 1 percent if 2010 data were included			

Local Government Areas

The 36 LGAs listed below show differences in proportions vulnerable on one-or-more or two-or-more of the domains. Differences greater than 1% are highlighted. LGAs not listed are unaffected.

	Banyule	45	0.2	0.2
