# OUTCOME 1: IDENTITY

**CHILDREN HAVE A STRONG SENSE OF IDENTITY**

## Attachment - engagement
- Is able to confidently explore and engage with familiar and new social and physical environments.
- Is able to confidently explore and engage with familiar environments, however requires some support to explore and engage with new social and physical environments.
- Requires adult support to explore and engage and develop confidence with familiar and new social and physical environments.

## Attachment - relationships
- Has the skills required to include others and make friends with peers, teachers and other trusted adults.
- With support is able to include others and make friends with peers, teachers and other adults.
- With support is able to practice the skills required to include others and make friends with peers, teachers and other adults.

## Attachment - communication
- Is able to appropriately communicate their needs for comfort and assistance.
- Sometimes requires adult support to communicate their needs for comfort and assistance.
- Often requires support to appropriately communicate their needs for comfort and assistance.

## Culture - identity
- Is able to confidently share aspects of their culture with other children and educators.
- With adult prompts and encouragement is able to share aspects of their culture with other children and educators.
- Requires adult support to be able to identify and share aspects of their culture.

## Emotions - expression
- Is able to express a wide range of emotions, thoughts and views constructively.
- With support is able to express a range of emotions, thoughts and views constructively.
- Requires support to express emotions, thoughts and views constructively.

## Emotions - coping mechanism
- Is able to recognise that problems or challenges are a normal part of life and that there are appropriate actions that can be undertaken to manage most problems.
- With support is able to recognise that problems or challenges are a normal part of life and that there are appropriate actions that can be undertaken to manage most problems.
- Requires additional support to be able to recognise that problems or challenges are a normal part of life and that there are appropriate actions that can be undertaken to manage most problems.

## Persistence - resilience
- Is able to persist when faced with most challenges and when first attempts are not successful.
- With support is able to persist when faced with most challenges and when first attempts are not successful.
- Requires additional support to persist when faced with most challenges and when first attempts are not successful.
OUTCOME 2: COMMUNITY
CHILDREN ARE CONNECTED WITH AND CONTRIBUTE TO THEIR WORLD

Belonging - relationships
- Is able to cooperate with others and negotiate roles and relationships in familiar and new play episodes and group experiences.
- Can usually cooperate with others and negotiate roles and relationships in familiar play episodes and group experiences, but requires some adult support in new settings.
- Sometimes requires support to cooperate with others and negotiate roles and relationships in play episodes and group experiences.

Belonging - inclusion
- Is usually able to think of and describe ways to include others to make them feel that they belong.
- Is beginning to be able to think of and describe ways to include others to make them feel that they belong.
- Requires adult prompts to think of and describe ways to include others to make them feel that they belong.

Diversity and respect
- Usually listens to others’ (peers and adults) ideas and respects different ways of being and doing.
- Is beginning to listen to others’ (peers and adults) ideas and respect different ways of being and doing.
- Currently requires peer and adult prompts to listen to others’ (peers and adults) ideas and respect different ways of being and doing.

Fairness - compassion
- Displays the ability to recognise fairness and bias and to demonstrate acts of compassion and kindness.
- Usually displays the ability to recognise fairness and bias and to demonstrate acts of compassion and kindness.
- Is beginning to display the ability to recognise fairness and bias and sometimes demonstrates the acts of compassion and kindness.
- Requires adult prompts and guidance to recognise fairness and bias and to demonstrate acts of compassion and kindness.

Fairness - identity
- Understands that texts and other media can construct identities and create stereotypes.
- Is beginning to understand that texts and other media can construct identities and create stereotypes.
- Currently requires adult prompts to consider how texts and other media can construct identities and create stereotypes.

Socially responsible - environment
- Often demonstrates an increasing knowledge of and respect for the natural world and constructed environments, including an increased understanding of the interdependence between, land, people, plants and animals.
- Is beginning to have some knowledge of and respect for natural world and constructed environments including an increased understanding of the interdependence between, land, people, plants and animals.
- Currently requires adult prompts to develop further knowledge of and respect for natural and constructed environments including an increased understanding of the interdependence between, land, people, plants and animals.
OUTCOME 3: WELLBEING
CHILDREN HAVE A STRONG SENSE OF WELLBEING

**Emotional - accessible**
- Remains accessible to others at times of distress, confusion and frustration.
- Requires some assistance to remain accessible to others at times of distress, confusion and frustration.
- Requires considerable assistance to remain accessible to others at times of distress, confusion and frustration.

**Emotional - satisfaction**
- Often shares humour, happiness and satisfaction in familiar and new situations.
- Sometimes shares humour, happiness and satisfaction in familiar situations.
- Rarely shares humour, happiness and satisfaction.

**Emotional - cooperation**
- Is mostly cooperative and able to work collaboratively with others.
- Is increasingly cooperative and usually able to work collaboratively with others.
- Currently requires adult assistance to cooperate and work collaboratively with others.

**Emotional - self regulation**
- Is usually able to show an understanding, and to self-regulate their behaviour and manage their emotions in ways that reflect the feelings and needs of others.
- Sometimes requires support to understand, self-regulate their behaviour and manage their emotions in ways that reflect the feelings and needs of others.
- Requires adult prompts and guidance to understand, self-regulate behaviour and manage their emotions in ways that reflect the feelings and needs of others.

**Health - communication**
- Is usually able to recognise and communicate their bodily needs (for example thirst, hunger, rest, comfort, physical activity) in familiar and new situations.
- Is able to recognise and communicate their bodily needs (for example thirst, hunger, rest, comfort, physical activity) in familiar situations, however may require adult prompts and support in new situations.
- Currently relies on adult support to adequately recognise and communicate their bodily needs (for example thirst, hunger, rest, comfort, physical activity).

**Health - spatial awareness**
- Is able to demonstrate spatial awareness and orient themselves, moving around and through their environments confidently and safely.
- With support and some adult prompts is able to orient themselves, moving around and through their environments confidently and safely.
- Requires adult support to be able to orient themselves, and to move around and through their environments safely.

**Health - fine motor skills**
- Is able to manipulate equipment and manage age appropriate tools with competence and skill.
- With support is able to manipulate familiar equipment and manage age appropriate familiar tools with increasing competence and skill.
- Currently requires adult encouragement or support to manipulate familiar equipment and manage age appropriate tools.

**Health - awareness**
- Has an increasing awareness of healthy lifestyles and good nutrition.
- Is developing an increasing awareness of healthy lifestyles and good nutrition.
Health - personal hygiene

- Is independent with regard to personal hygiene/toileting in familiar and new settings.
- Is usually independent with regard to personal hygiene/toileting in familiar settings but may require some assistance/prompts in new settings.
- Is developing independence and competence in regard to personal hygiene/toileting however requires support and prompts.

Health - gross motor skills

- Shows enthusiasm for participating in physical play and is able to negotiate play spaces to ensure the safety and wellbeing of themselves and others.
- Participates in physical play and negotiates play spaces usually with regard for the safety and wellbeing of themselves and others.
- Requires support to participate in physical play and reminders to negotiate play spaces with regard for the safety and wellbeing of themselves and others.
**OUTCOME 4: LEARNING**
**CHILDREN ARE CONFIDENT AND INVOLVED LEARNERS**

</tbody>
</table>
Transition Statement: Section 1.1
VEYLDF Learning & Development Outcome Descriptors

Problem solving - memory
• Is able to draw on memory of a sequence to complete a task.
• Is beginning to draw on memory of a sequence to complete a task.
• With adult prompts is beginning to draw on memory of a sequence to complete a task.
• Relies on adults to use memory of a sequence to complete a task.

Problem solving - numeracy
• Is able to connect number names, numerals and quantities, including zero and beyond 10.
• Is beginning to connect number names, numerals and quantities, including zero, up to 10.
• Is able to connect number names, numerals and quantities, including zero, up to 5.
• Requires adult prompts to connect number names, numerals and quantities up to 5.
• Requires adult prompts and reminders to connect number names, up to 5.

Problem solving - comparisons
• Is able to use direct and indirect comparisons to decide which is longer, heavier or holds more, and explain reasoning in everyday language.
• Is beginning to use direct and indirect comparisons to decide which is longer, heavier or holds more, and explain reasoning in everyday language.
• Is beginning to be able to use direct and indirect comparisons to decide which is longer, heavier or holds more, and explain reasoning in everyday language.
• Requires adult guidance to make direct comparisons to decide which is longer, heavier or holds more, and explain reasoning in everyday language.

Problem solving - geometry
• Is able to compare and order several shapes and objects based on length, area, volume and capacity.
• Is beginning to compare and order several shapes and objects based on length, area, volume and capacity.
• Is beginning to be able to compare and order several familiar shapes and objects based on length, area, volume and capacity.
• Requires adult prompts to compare and order several shapes and objects based on length, area, volume and capacity.

Problem solving - predictions
• Often participates in guided investigations and/or play, including making predictions and observations using the senses, to explore, co-construct and answer questions.
• Sometimes participates in guided investigations and/or play, including making predictions and observations using the senses, to explore, co-construct and answer questions.
• Relies on adults to prompt participation in guided investigations and/or play, including beginning to make simple predictions and observations using the senses, to explore, co-construct and answer questions.

Transfer - learning
• Is confidently able to accurately mirror, repeat and practise the actions of others, either immediately or later.
• Is beginning to be able to mirror, repeat and practise the actions of others, either immediately or later.
• Is beginning to immediately mirror, repeat and practise the actions of others, and requires some reminder prompts for later recall.

Transfer - adapt strategies
• Often demonstrates the ability to try out strategies that were effective to solve problems in one situation, understanding they might work in a new context.
• Sometimes demonstrates the ability to try out strategies that were effective to solve problems in one situation, understanding they might work in a new context.
• With adult prompts is able to consider how some strategies that were effective to solve problems in one situation might be used in a new context.
• Relies on adults to consider how a strategy that was effective to solve a problem in one situation might be used in a new context.
Transition Statement: Section 1.1
VEYLD Learning & Development Outcome Descriptors

**Transfer - tools for technology**

- Is able to explore the purpose and function of a range of familiar tools, media, sounds and graphics (including communications technologies).
- Is beginning to explore the purpose and function of a range of familiar tools, media, sounds and graphics (including communications technologies).
- With support is beginning to explore the purpose and function of a range of tools, media, sounds and graphics (including communications technologies).
- Has little exposure or understanding of tools, media, sounds and graphics (including communications technologies).

**Transfer - creativity**

- Is able to explore ideas and theories using imagination, creativity and play.
- Is beginning to explore ideas and theories using imagination, creativity and play.
- Requires adult support to prompt ideas and theories using imagination, creativity and play.
OUTCOME 5: COMMUNICATION
CHILDREN ARE EFFECTIVE COMMUNICATORS

Communication - reciprocal

- Is able to engage in enjoyable reciprocal interactions using verbal and non-verbal language with familiar and new peers/adults.
- Usually engages in enjoyable reciprocal interactions using verbal and non-verbal language with familiar peers/adults.
- Requires adult support to engage and enjoy reciprocal interactions using verbal and/or non-verbal language, particularly with new peers/adults.

Communication - creativity

- Successfully uses language and representations from play, music and art to share and project meaning.
- Usually uses language and representations from play, music and art to share and project meaning.
- Sometimes uses language and representations from play, music and art to share and project meaning.
- Requires adult support and encouragement to use language and representations from play, music and art to share and project meaning.

Communication - confidence

- Successfully conveys and constructs messages with purpose and confidence, building on literacies of home and/or family.
- Usually conveys and constructs messages with purpose and confidence, building on literacies of home and/or family.
- With support is able to reasonably convey and construct messages with purpose and confidence, building on literacies of home and/or family.
- Requires support to convey and construct messages, building on literacies of home and/or family.

Communication - engagement

- Often engages in conversations and discussions (using active listening, showing interest, and contributing ideas, information and questions, taking turns and recognising the contributions of others).
- Usually engages in conversations and discussions (using active listening, showing interest, and contributing ideas, information and questions, taking turns and recognising the contributions of others).
- Requires adult prompts to engage in conversations and discussions (using active listening, showing interest, and contributing ideas, information and questions, taking turns and recognising the contributions of others).

Text meaning - sounds and patterns

- Is able to listen for and respond to sounds and patterns in speech, stories and rhymes in context.
- Is beginning to be able to listen for and respond to sounds and patterns in speech, stories and rhymes in context.
- With adult support and guidance is able to listen for and respond to sounds and patterns in speech, stories and rhymes in context.
- Requires adult guidance to listen for and respond to sounds and simple patterns in speech, stories and rhymes in context.

Text meaning - visual

- Often able to view and listen to printed, visual and multimedia texts and respond with relevant gestures, actions, comments and/or questions.
- Usually able to view and listen to printed, visual and multimedia texts and respond with relevant gestures, actions, comments and/or questions.
- With support and guidance is beginning to view and listen to printed, visual and multimedia texts and respond with relevant gestures, actions, comments and/or questions.
Text meaning - emotions

- Is able to share feelings and thoughts about the events and characters in texts.
- Is beginning to share some feelings and thoughts about the events and characters in texts.
- With adult prompts is able to share some familiar feelings and thoughts about the events and characters in familiar texts.

Expression - imagination

- Uses language and engages in symbolic play to imagine and create roles, scripts and ideas
- Is beginning to use language and engages in symbolic play to imagine and create roles, scripts and ideas.
- With adult support is able to use language and engages in symbolic play to imagine and create roles, scripts and ideas.

Expression - creativity

- Often uses the creative arts, such as: drawing, painting, sculpture, drama, dance, movement, music or/and story-telling, to express ideas and make meaning.
- Sometimes uses the creative arts, such as: drawing, painting, sculpture, drama, dance, movement, music or/and story-telling, to express ideas and make meaning.
- Requires adult encouragement and prompts to use the creative arts, such as: drawing, painting, sculpture, drama, dance, movement, music or/and story-telling, to express ideas and make meaning.

Expression - syntax (sentence structure)

- Is able to recognise that sentences are key units for expressing ideas
- Is beginning to recognise that sentences are key units for expressing ideas
- Currently with adult guidance is beginning to recognise that sentences are key units for expressing ideas
- Currently is beginning to recognise that written language is used to express ideas

Expression - morphology (words) & phonology (speech sounds)

- Understands that capital letters are used for names, and that capital letters and full stops signal the beginning and end of sentences
- Is beginning to understand that capital letters are used for names, and that capital letters and full stops signal the beginning and end of sentences
- With adult prompts is beginning to understand that capital letters are used for names, and that capital letters and full stops signal the beginning and end of sentences
- Is beginning to understand that written text has rules and words are made up of individual letters
- Requires adults to point out how written text has rules and that words are made up of individual letters

Symbols - drawing and writing

- Often uses drawing/images and approximations of letters and words to convey meaning
- Is beginning to drawing/images and approximations of letters and words to convey meaning
- Currently with support and prompts is beginning to drawing/images and approximations of letters and words to convey meaning
- Sometimes associates drawing/images and to convey meaning

Symbols - meaning

- Has an understanding that symbols/texts are a powerful means of communication and that ideas, thoughts and concepts can be represented through them
- Is beginning to develop an awareness that symbols/texts are a powerful means of communication and that ideas, thoughts and concepts can be represented through them
- Currently with adult prompts is beginning to develop an understanding that symbols/texts are a powerful means of communication and that ideas, thoughts and concepts can be represented through them
Symbols - connections

- Has developed an awareness of the relationships between oral, visual and written representations and beginning to recognise patterns and relationships and the connections between them
- Is beginning to develop an awareness of the relationships between oral, visual and written representations and beginning to recognise patterns and relationships and the connections between them
- With adult prompts and guidance is becoming aware of the relationships between oral, visual and written representations and beginning to recognise patterns and relationships and the connections between them
- Requires adults to point out the relationship between oral, visual and written representations

Technology

- Often uses information and communication technologies to access images and information, explore diverse perspectives and make sense of their world
- Sometimes uses information and communication technologies to access images and information, explore diverse perspectives and make sense of their world
- With adult assistance can use information and communication technologies to access images and information, explore diverse perspectives and make sense of their world
- Has limited experience in using information and communication technologies to access images and information, explore diverse perspectives and make sense of their world
