

# BUILDING BLOCKS PARTNERSHIP STATEMENT OF INTENT

## MOONEE VALLEY CITY COUNCIL

Moonee Valley City Council and the Department of Education have today committed to working in partnership to deliver infrastructure for up to 523 funded kindergarten places by 2028 to support the roll out of the Best Start, Best Life (BSBL) reform. This follows agreement of the Kindergarten Infrastructure Service Plan (KISP) for Moonee Valley City Council, available [here](#).

To support this commitment, the state government has provided in-principle support to co-contribute up to \$20.74 million for early childhood infrastructure over the course of the BSBL reform through to 2032.

This commitment follows work between the department and Moonee Valley City Council to develop a Building Blocks Partnership Agreement, a forward plan for kindergarten infrastructure provision. This forward plan will help ensure that all children have access to two years of funded Kindergarten from 2023 onwards.

The first part of this package will see the state government contribute up to \$20.74 million to major kindergarten infrastructure projects, replacing or upgrading five existing services and maintaining/providing up to 523 funded kindergarten places delivered for the 2025 - 2028 kindergarten years.

Area (SA2) to benefit from projects	Operational	Funded kindergarten places
Essendon – East	2025	122
Keilor East	2026	237
Ascot Vale	2027	45
Airport West	2028	119

As part of the development of a Building Blocks Partnership Agreement, the Department and Council have signed a Building Blocks Partnership Memorandum of Understanding, which commits both parties, in-principle, to:

- commit to working together to plan and deliver infrastructure to support 15 hours of funded kindergarten for all three-year-old children and 30 hours of funded kindergarten for all four-year-old children across Victoria out to 2032.
- supporting the creation of up to 523 funded kindergarten places through co-investment
- an annual review of proposed projects, allowing project details (timings, scale, scope etc.) to be amended to reflect updated KISP data, enrolment data and local particulars.

This commitment is subject to:

- Council submitting projects to Building Blocks grants program to confirm project scope and readiness to access the agreed state government funding contribution.

- changing requirements as a result of altered market conditions/supply and demand patterns over time, which parties will monitor together as part of the annual Building Blocks Partnership Project Schedule review.

## Building Block Partnership Agreements

Building Block Partnership Agreements are a strategic, in-principle agreement between State Government and councils and NFPs to deliver funded kindergarten places via infrastructure investment projects. A Building Blocks Partnership Agreement may only be signed once the associated KISP is signed and published. The primary objectives of Building Block Partnership Agreements are to:

1. Provide greater funding certainty for both state government and partners about co-investment intentions in a forward pipeline of kindergarten infrastructure.
2. Support state government and partners to forward plan their infrastructure budgets and deliver facilities in line with kindergarten enrolment growth.
3. Support the successful roll out of the reform by identifying projects that will facilitate the delivery of additional kindergarten capacity over a multi-year period.

The Building Blocks Partnership Agreements form part of the Victorian Government's BSBL Infrastructure Strategy.

## Best Start, Best Life infrastructure funding

The state government has committed to rolling out the Best Start, Best Life reform across Victoria, which will support 15 hours of funded kindergarten for all three-year-old children and 30 hours of funded kindergarten for all four-year-old children across Victoria by 2032.

\$14 billion has been committed to support the Best Start, Best Life reform. This funding is used to co-invest in infrastructure with local councils, NFP kindergarten providers and other asset owners.
