About this application

• This application is the second step in the licensing process to operate a children’s service.
• Before operating a children’s service, the children’s service premises must be approved as suitable by the Secretary or Delegate of the Department of Education and Training (the Department) and have a ‘Certificate of Approval of Premises’.
• When the premises have been approved, this form should be used to apply for an integrated service licence, where one licensee is operating 2 or more different types of children’s service at one premises. An integrated service cannot include a short term service.
• Do not use this form if you only intend to operate one type of service. Different application forms for single service types are available at www.education.vic.gov.au.

Types of services

• There are a number of different types of services that may be integrated:
  o **Standard**: A children’s service that is an early childhood intervention service; an occasional care service; a mobile service; or a budget based service.
  o **Limited hours**:

    • **Type 2**: A children’s service established to care for or educate each child for not more than 5 hours a day and not more than a total of 15 hours a week.
  o **School holidays care**: a children’s service that is established to care for or educate school children for no more than 4 weeks per calendar year during school holidays.
