

Maternal & Child Health Services Annual Report

2016-2017

North-Eastern Victoria Region

Note: Since 2015 a number of Maternal and Child Health service providers have migrated to a new record system.

Difficulties in transitioning to this system has affected the reporting of breastfeeding data in a number of Local Government Areas (LGAs). For LGAs affected, breastfeeding counts and rates will be reported as 'np' (not published).

Column totals have not been published for this reason.

Caution should be taken when using this report data for time series analysis.

Whitehorse	1,839	1,773	47	1,968	185	329	2,482	870
Wodonga	537	521	18	554	56	159	769	161
Yarra Ranges	1,854	1,853	40	1,920	104	140	2,164	646
Total for Region	14,900	14,746	204	15,400	1,070	2,144	18,614	5,701

Note: "Drawer" defines age groups of children. For example, "Drawer 1" represents "0-1 year old",

"Drawer 2" represents "1-2 year old", "Drawer 3 to 6" represents "2-6 year old".

"First Time Mothers" includes those mothers who have their first baby and are enrolled in the current financial year.

The Department uses a regional model to deliver education services across the state. Under this model the state is divided into four regions: North-Eastern, North-Western, South-Eastern and South-Western Victoria. For more information on regions, go to:

<http://www.education.vic.gov.au/about/contact/Pages/regions.aspx>

Note: "ATSI" refers to a person self-reporting as being of Aboriginal and/or Torres Strait Islander origin.

When analysing ATSI Key Ages and Stages participation rates, we recommend strong caution against drawing conclusions on the percentages of consultations which can be misleading as they can be based on relatively small numbers

A participation rate of zero per cent may imply that there were no children eligible for the Key Ages and Stages consultation.

Note: Since 2015 a number of Maternal and Child Health service providers have migrated to a new record system.

Difficulties in transitioning to this system has affected the reporting of breastfeeding data in a number of Local Government Areas (LGAs).

For LGAs affected, breastfeeding counts and rates will be reported as 'np' (not published). Column totals have not been published for this reason.

Caution should be taken when using this report data for time series analysis.

Note: Since 2015 a number of Maternal and Child Health service providers have migrated to a new record system.

Difficulties in transitioning to this system has affected the reporting of breastfeeding data in a number of Local Government Areas (LGAs).

For LGAs affected, breastfeeding counts and rates will be reported as 'np' (not published).

Column totals have not been published for this reason.

Caution should be taken when using this report data for time series analysis.

Note: "ATSI" refers to a person self-reporting as being of Aboriginal and/or Torres Strait Islander origin.

For LGAs reporting a total of five or less ATSI children, counts will be reported as 'np' (not published) to ensure confidentiality.

"Record cards" or "Record" refers to individual child health history.

Note: This participation rate represents children aged from birth until six years with the last key ages and stages visit at 3.5 years.

"Active" is defined as a child having attended the Maternal & Child Health Service at least once during the financial year.

"ATSI" refers to a person self-reporting as being of Aboriginal and/or Torres Strait Islander origin.

Record cards or "Record" refers to individual child health history.

For LGAs reporting a total of five or less ATSI children, counts will be reported as 'np' (not published) to ensure confidentiality.
