

KWENA PA CHO BOT LUNYODO

Tin atye ka coc bot lunyodo, lugwok lutino ki lutino kwan me Victoria pi penyo kony ki bot dog gang acel acel me dwoko piny kobo pa two Korona (COVID-19) I Victoria.

Kit ma dong yweyo pa lutino kwan cok cakke, pe waromo dwoko rwom me gwokke, karacel ki dano ma I gangi wa ki ikom two Korona. Apoka poka ma tye ikin wan ki poto pa two Korona pi tyen me aryo lubbe ki ngo ma wa bitimo.

Ka mo keken ma iceto iye, tim ber itam pi rac pa two man. Ngee ni dano mukene romo bedo ki two man, ka ibed bor kwed gi.

I kare ni, wel dano ma tye ki two korona loyo wel ma waneno I dwe ariyo ma okato angeg.

Caden matye kombedi ni, nyutu ni mede pa wel dano ma tye ki two korona I Victoria lubbe ki pol pa ma tye ka gurre i party, kun pe gilubu cik me bedo bor ki luwot gi, dok bene pe giyubu lenyo.

Ki gum marac, two korona pud tye, dok bene kwo pa dano pud tye kama rac. Kit ma waneno tye ka timme kwede I wilobo lung, two korona twero nyar nia ki ikin dano manok, mako dano mia ki mia ikin nino manok keken.

Man pe kama wamito ceto iye, ci omyero watim gin mo oyot oyot- ma nongo pud watye ki kero.

Man aye oweko watye ka keto itic kigeng manyen mapat pat. Wel dano ma iromo jolo I gangi dong kityeko dwoko ne wa I abic. Ka ipeke gang, dano gangi ki lurem romo gurre I dul ma romo dano apar.

Man aye kit ma dano ma tye cok ki gang kwan man romo miyo kony kwede:

- Bed ma I gwokke ka itye bor ki gang.
- Bed ma igwokke ka itye gang. Man tyen lokke ni rwatte ki dano ma pire tek ni irwate kwed gi keken. Pe igur dano mapol I gangi, dok wii opor me bedo bor ki dano mukene ki gwokko lengo.
- Pe irib cam onyo gin amata ki lawoti.
- Ka in onyo dano ma igangi pe tye ka winyo maber-bed gang. Pe ilim lurem ki dano ma gangi. Pe icet kama bor ki tyen lok me yweyo wii, dok bene pe icet ka tic. Pe icwal latini i gang kwan kama kigwoko iye lutino idye ceng onyoi perepere, ka ce gipeke ka winyo maber – bed gang.
- Dok ka itye ki lanyut me two korona, cet kipimi.

Pol dano ma I Victorian gitye ka lubo cik man, ento man obedo lwongo me poyo wii wa ni omyero pe watam ni dong wa loyo two korona.

Obedo tic wa me gwoko lurem ki dano gang wa kama ber.

Pi ngec manyen ki wel dano ma tye ki two korona (COVID-19) [cent I ka nongo ngec ma dok I lok kom korona virus ma gamente me Victoria oyabo I komputa](#).

Ka ngat mo I gangi tye ki lanyut mo keken me two korona (COVID-19), kadi lanyut manok, omyero gubed gang, gunong tam ka kipim gi. Lanyut magi romo bedo lyeto, koyo or cwer pa kwok, aona, lit pa dwon, tek pa yweyo onyo um ma mol, onyo tek pa ngweyo ki nongo mit pa gin acama. Pi ngec matut ikom kama iromo pime iye, [cet I yamo pa munu ka inong ngec ikom pimme pi two korona](#)).

Ka I byeko ni in onyo dano ma gangi onongo two korona, dok imito ngec mapol, tim ber igo cim I namba ma tye twolo pi cawa weng, kun nongo ki kubi kin gat ma imito lok kwede kikome I: 1800 675 398.
