Subject: Grades

Dear Parent,

I am writing to inform you of your child's recent grades. The following are the grades received in the last quarter.

- Math: 85
- Science: 90
- English: 92
- Social Studies: 88

Please sign and return this letter to show that you have received and reviewed your child's grades.

Sincerely,

[Signature]

Dear Parents,

We are writing to inform you about the recent development in our school. Due to the ongoing challenges caused by the pandemic, our school has taken a decision to implement new health and safety measures. These measures are in line with the guidelines set by the Ministry of Health and local authorities.

We have increased the frequency of cleaning and disinfection of our classrooms and common areas. Hand sanitizers and disinfectant sprays are available at multiple locations throughout the school. We have also introduced a strict policy of regular temperature checks for all students and staff members.

As per the latest updates, we have decided to cancel all extracurricular activities, including sports, art classes, and club meetings. These activities will resume once the situation improves.

We understand that these changes might cause inconvenience to some of our families, but we believe they are necessary to ensure the health and safety of our students and staff. We would like to assure you that our teachers and staff are dedicated to providing the best possible learning environment for your children.

We would appreciate it if you could support us in these efforts by following our health and safety guidelines at home. Please make sure that your children wash their hands regularly and maintain social distancing whenever possible.

We hope that this situation will improve soon and we can return to our normal routine. In the meantime, our teachers are available to address any concerns or questions you might have.

Thank you for your understanding and support. We look forward to updating you on the progress of our school's response to the pandemic.

Best regards,

[Your School Name]

HOSPITAL

In accordance with our hospital’s referral guidelines, the patient has been referred for a second opinion. Upon review of the medical records, the referring physician notes a discrepancy in the patient’s medical history. The patient has a history of hypertension, diabetes, and chronic kidney disease. The referring physician recommends further evaluation and treatment, including referral to a nephrologist.

STUDENT EXCURSION CONSENT FORM

(for excursions requiring transport in a privately owned vehicle with principal approval and not requiring school council approval)
Our Assyrian Follow-Up Program, which is being followed by several students, has been successful. The idea of having a group of students follow up on the Assyrian language has proven to be very successful.

In addition to the students involved, several other people have also been following up on the Assyrian language. These people are writing papers and articles about the Assyrian language and its history. Some of these papers have been published in journals and other publications.

The Assyrian Follow-Up Program has shown that the Assyrian language is still very much alive and that there is a strong interest in learning about this ancient language. The program has also shown that there is a need for further research and study of the Assyrian language.

The Assyrian Follow-Up Program is an ongoing project and we hope to continue it for many years to come. We believe that the Assyrian language is a valuable part of our cultural heritage and that it should be preserved for future generations.
