FOR PARENTS

Recently you were invited to engage in small group conversations about some initial designs for reimagined student reporting in the school. Reflect on this experience and consider to what extent you felt that the discussions gave you and your peers opportunities to explore different possibilities and influence decision making.

FOR STUDENTS

Recently you were invited to engage in small group conversations about your current experiences of reporting at the school. Reflect on this experience and consider to what extent you felt that the discussions gave you and your peers opportunities to explore different possibilities and influence decision making.

**this could be completed in small groups or individually with the teacher, or independently by the student*
