Instructions

- This activity requires ten students.
- Cut out the cards, shuffle and place in a pile face down.
- Each student then takes one card and lines up according to the number on their card. For example the student with the 'terzo/terza' card would be third in line.
- When the line is complete students call out their number in order beginning with 'primo/prima'. Students need to pay attention to the gender of the word they use.
