

6. Il mio robot è così

► Instructions

This activity requires two students.

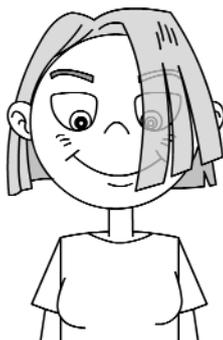

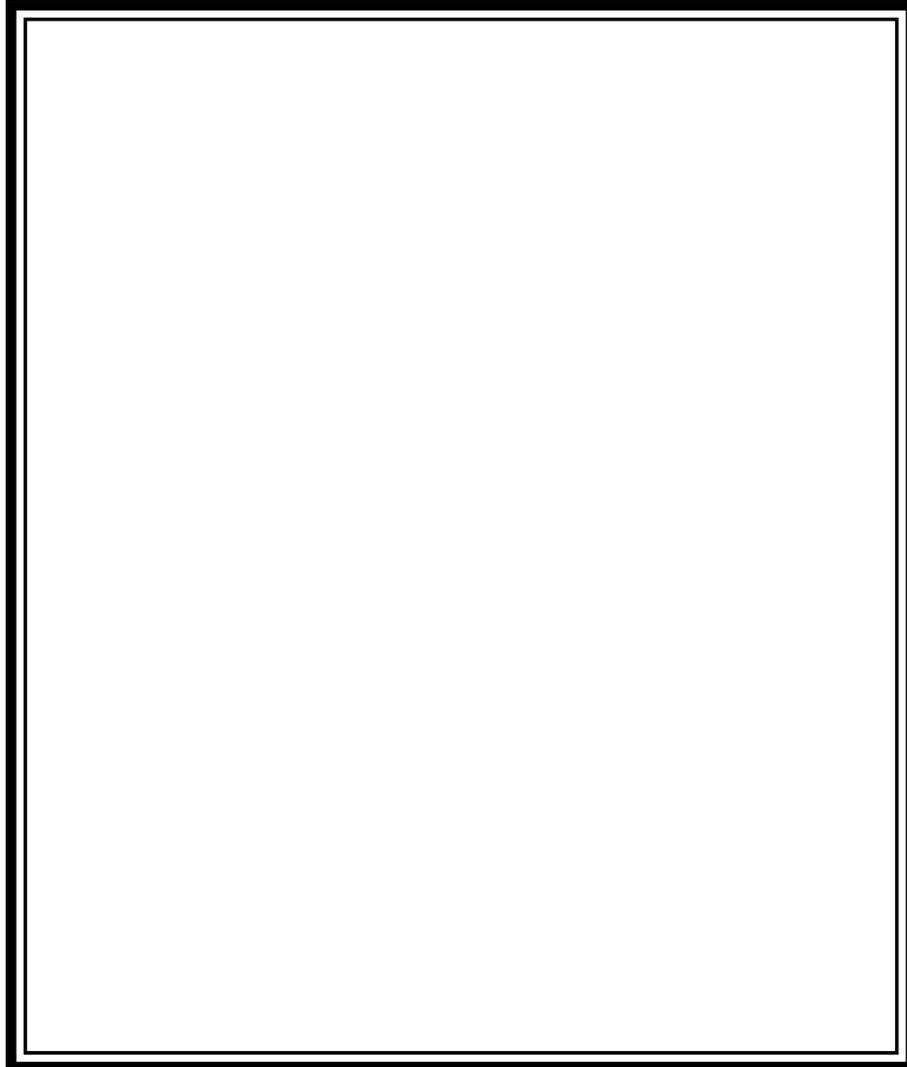

Use the picture you drew for activity 5. Make sure your partner does not see your picture!

Student A describes his/her robot in Italian.

Student B listens carefully and draws the robot according to the description.

When the first picture is complete, Student B describes his/her picture, and Student A draws it.

When both pictures are complete, compare them. Are they close to the originals?

Il mio robot ha le orecchie grandi.
Ha le braccia lunghe.
Ha le gambe corte.
