

### 3. Rubamazzo

Name: \_\_\_\_\_

► **Instructions:**

- Play this game of snap with 2 or more players.
- Cut out all the cards and shuffle them together. Deal all the cards out evenly between the players. Players should not look at their cards.
- Players then take turns to play one card at a time by turning it face up and placing it on a pile in the middle. Players must ask the question '**Come stai?**' each time they play a card.
- If there is a matching pair of cards, the players must call out the answer that best suits the faces on the cards. For example, if the matching pair is a:
  - *well looking boy or girl* the player must call out '**Sto bene**'
  - *so - so looking girl or boy* the player must call out '**Così così.**'
  - *sick looking boy or girl* the player must call out '**Sto male.**'
- The first player to call out the correct answer wins the pile . That player then continues the game by starting a new pile.
- The overall winner is the player who wins all the cards.
