4. Escoge una carta

Name:

► **Instructions:**

- Play this game in pairs or threes. Cut out the cards and deal four cards to each player. Place the remaining cards face down in the centre.
- The aim of the game is to get the most pairs of matching cards. Each player should first check whether there are matching pairs in his/her own first hand of four cards, and set them aside.
- Player 1 asks Player 2 or 3 whether he/she has a card that matches one of his own, e.g. **¿Tienes una azul?**
- If Player 2 has the matching card, she/he must give it to Player 1, who adds the pair to his/her personal pile.
- If Player 2 doesn't have a matching card, he/she says **No, toma otra carta** and Player 1 must pick up a card from the centre. It is then Player 2's turn to ask Player 1 or 3 **¿Tienes una …?**
- The players take turns until all the cards have been put away as matching pairs. The player with the most pairs is the winner.
