

6. Zeichne meinen Roboter!

► Instructions

This activity requires two students.

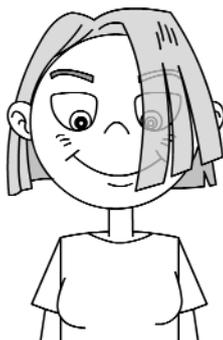

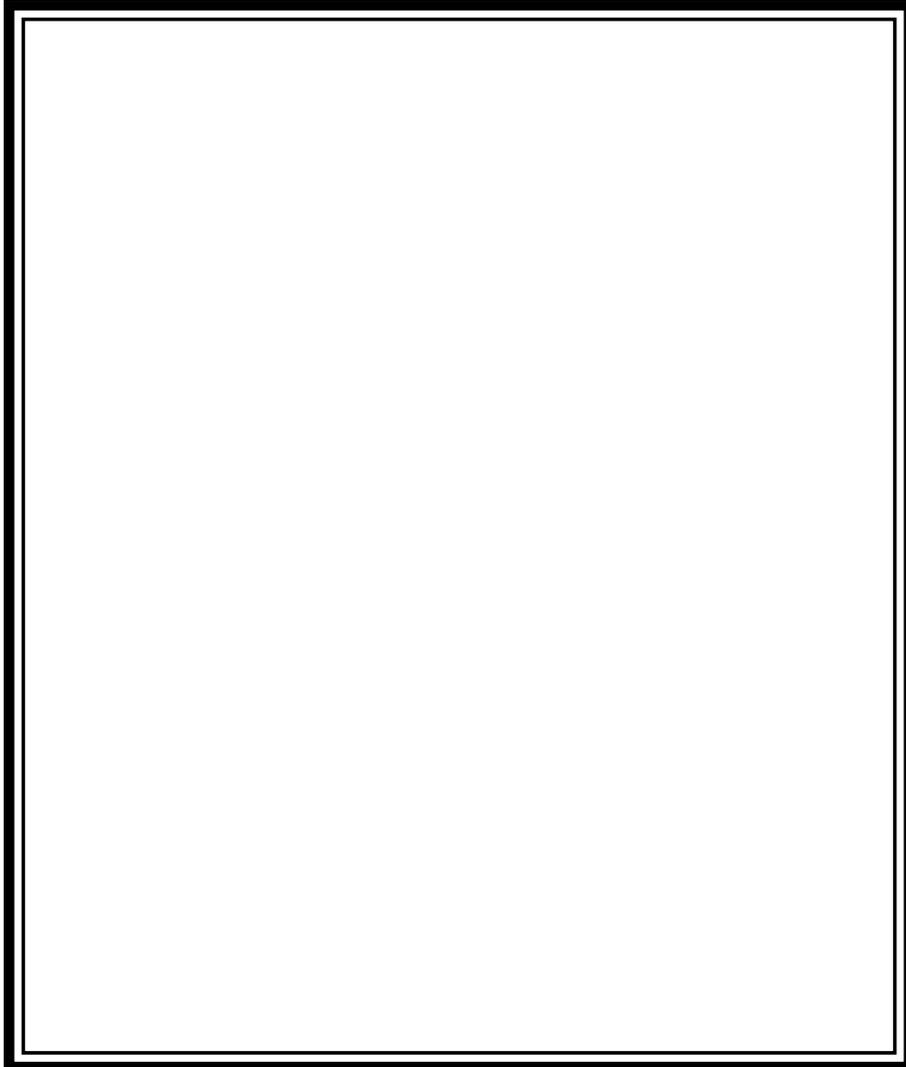

Use the picture you drew for activity 5. Make sure your partner does not see your picture!

Student A describes his/her robot in German.

Student B listens carefully and draws the robot according to the description.

When the first picture is complete, Student B describes his/her picture, and Student A draws it.

When both pictures are complete, compare them. Are they close to the description?

Mein Roboter hat sechs Füße.
Er hat lange Arme.
Er hat einen kleinen Mund.
