

# 8. Klassenzimmerposter

## ► Instructions

As a class, create a display for your classroom, showing pictures and models of different forms of transport used in Germany.

Use the Internet, reference books and magazines to find pictures of different forms of transport in Germany.

Make copies, or draw your own version of these pictures. (Remember to mention the websites that these pictures come from.)

Label these pictures and models in German. Add any other interesting details which you discover in your research.
