

4. Фрли ја коцката

Name: _____

► Instructions:

- Play this game with 2 or more players. Cut out a score sheet for each player. You will also need 3 dice.
- The first player rolls all three dice. He or she asks the player on his left "**Колку години имаш?**"
- That player must then add up the numbers on all three dice and must answer using that number as his or her age. For example, if the dice land on 3, 4 and 5 (total 12) the player must answer "**Јас имам дванаесет години.**"
- The player then crosses that number off their score sheet. It's then their turn to roll the dice.
- The first player to cross off numbers from **each row** of the score sheet is the winner.
