

# 6. Gambarkan robot saya

## ► Instructions

*This activity requires two students.*

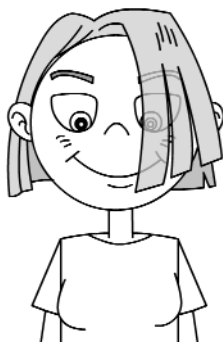

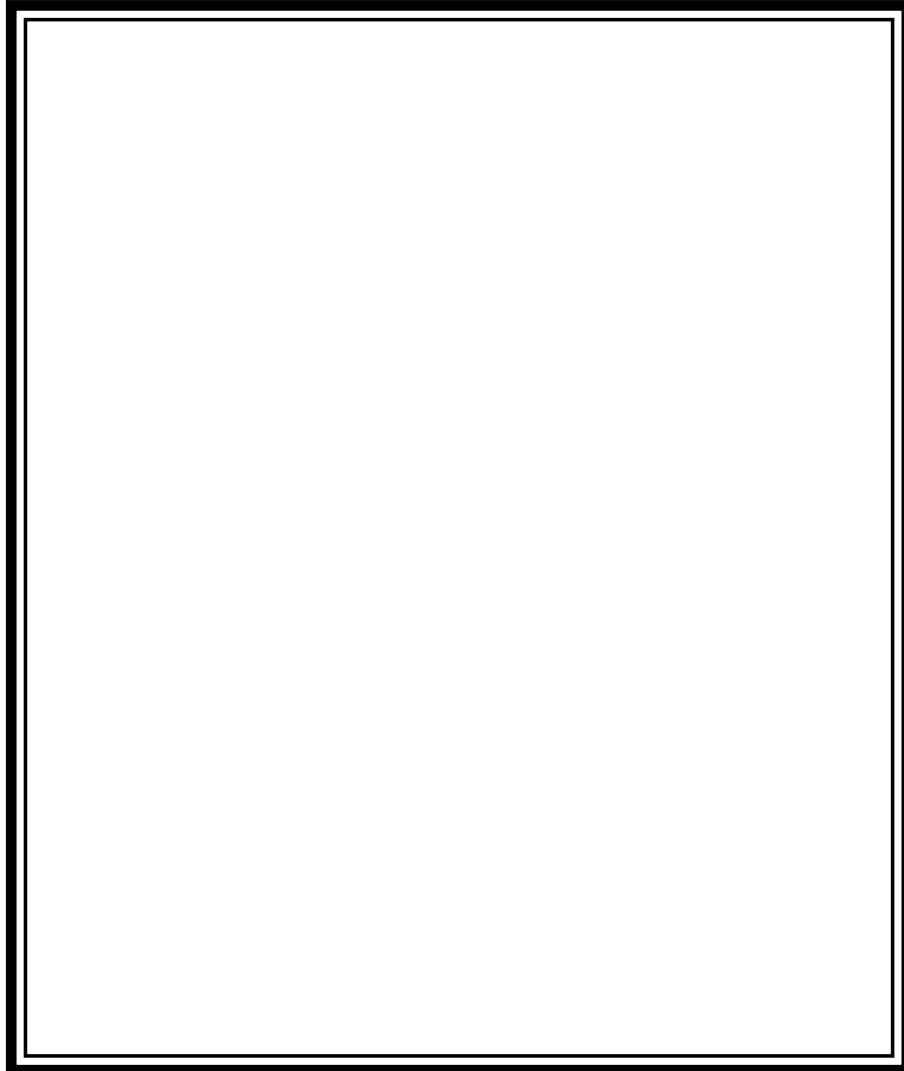

*Use the picture you drew for activity 5. Make sure your partner does not see your picture!*

*Student A describes his/her robot in Indonesian.*

*Student B listens carefully and draws the robot according to the description.*

*When the first picture is complete, Student B describes his/her picture, and Student A draws it.*

*When both pictures are complete, compare them. Are they close to the originals?*

Robot saya mempunyai telinga  
besar. Lengannya panjang.  
Kakinya pendek.
