#### Instructions

- Interview 8 students in your class about what they like doing.
- List their names in the first column.
- Ask each student 'Spielst du gerne...?' or '... du gerne?' for each of the activities listed.
- Place a tick or cross in the correct row.
- Complete the survey by adding up the totals for each activity and writing them in the bottom row.
- Report back to the whole class on your results. For example 'Fünf Schüler spielen gerne Schach'.
