Instructions

- These games require two players. Begin by cutting out all cards.

Game A

- Mix up cards and put them face down.
- Player A turns over two cards. If they are a matching pair (a question/greeting and the appropriate answer) Player A places the cards in his/her pile.
- If they are not a matching pair Player A turns the cards back over and Player B Select 2 has a turn.
- Continue until all cards have been matched.
- The winner is the player with the most number of pairs.

Name: _____

Game B

- Place the cards face down in two piles (questions/greetings cards and answers cards), one in front of each player.
- Both players turn a card over at the same time.
- If the cards match, the first person to call out 'paire!' wins one point.
- When all cards have been turned over shuffle the cards and begin again.
- Continue until all cards have been matched.
