

3. Giochiamo!

Come ti chiami?

Come stai?

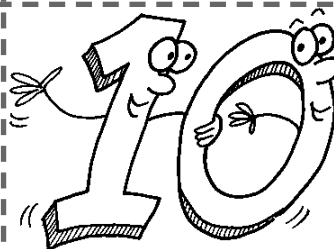

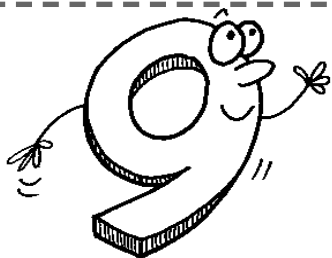

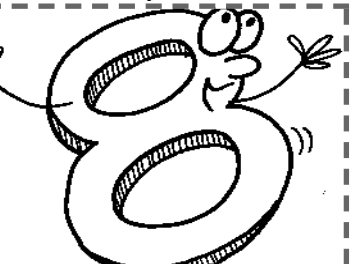

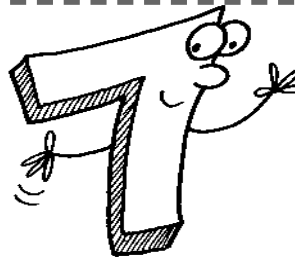

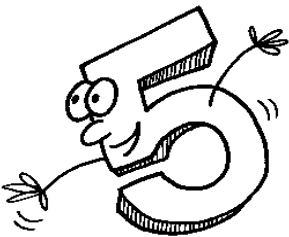

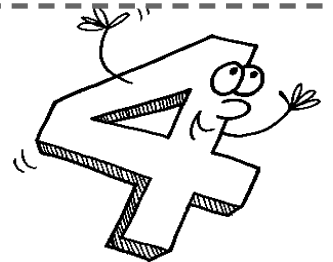

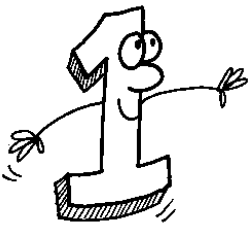

Quanti anni hai?

Il tuo
numero

?

Matematica

Instructions

- This game requires two or more players.
- Cut out all the cards and place them face down, questions in one pile and numbers in the other.
- The first player picks up one question card and one number card.
- When the players answer the question correctly in Italian they win the points on their number card.
- * If you pick up the maths question you must use the number on your number card to fill one of the spaces and work out what other number is needed to equal 11.

Name: _____
